# Campbell Essential Biology (6th Edition)

## Synopsis

NOTE: You are purchasing a standalone product; MasteringBiology does not come packaged with this content. If you would like to purchase both the physical text and MasteringBiology search for ISBN-10: 0133909700/ISBN-13: 9780133909708. That package includes ISBN-10: 0133917789//ISBN-13: 9780133917789 and ISBN-10: 0134001389/ISBN-13: 9780134001388. For non-majors/mixed biology courses.

Helping students understand why biology matters Campbell Essential Biology makes biology interesting and understandable for non-majors biology students. This best-selling textbook, known for its scientific accuracy, clear explanations, and intuitive illustrations, has been revised to further emphasize the relevance of biology to everyday life, using memorable analogies, real-world examples, conversational language, engaging new Why Biology Matters photo essays, and more. New MasteringBiology activities engage students outside of the classroom and help students develop scientific literacy skills. Also available with MasteringBiology MasteringBiology is an online homework, tutorial, and assessment product that improves results by helping students quickly master concepts. Students benefit from self-paced tutorials that feature immediate wrong-answer feedback and hints that emulate the office-hour experience to help keep students on track. With a wide range of interactive, engaging, and assignable activities, many of them contributed by Essential Biology authors, students are encouraged to actively learn and retain tough course concepts. New MasteringBiology activities for this edition include • Essential Biology • videos that help students efficiently review key topics outside of class, • Evaluating Science in the Media • activities that help students to build science literacy skills, and • Scientific Thinking • coaching activities that guide students in understanding the scientific method.

## Customer Reviews

Four stars because I don't like chemistry. But that's only one chapter. I got this book for my Bio class in college. It looks interesting and I'm looking forward to learning more. This loose leaf edition comes in a 3 ring binder and is cheaper than the others. But it is heavy!

Was exactly what I needed. Just had to get the access code directly from my school instead of this one.

Daughter needed this for college class. Just as described. Saved us money!

Nutrition for healthy living,4th edition, schiff,9780078021381

Excellent textbook! I'm learning so much.

great book and great service

I loved it. Great resource.

It's a good book
