# Congress And Its Members

## **Synopsis**

Congress and Its Members is the gold standard for the Congress course. Over 14 editions, the book has offered comprehensive coverage of the U.S. Congress and the legislative process by looking at the tension between Congress as a lawmaking institution and as a collection of re-election-minded politicians. The fifteenth edition will account for the 2014 midterm elections and will include discussion of the agenda of the new Congress, White HouseCapitol Hill relations, party and committee leadership changes, judicial appointments, and partisan polarization, as well as covering changes to budgeting, campaign finance, lobbying, public attitudes about Congress, reapportionment, rules, and procedures. Always balancing great scholarship with currency, the book features lively case material along with relevant data, charts, exhibits, maps, and photos.

## **Book Information**

## **Customer Reviews**

I used this textbook in my law class and found it engaging in some areas, but rather anecdotal and somewhat random in what it covers. Would have preferred a more rigorous and disciplined approach to covering the essentials of budgeting, appropriations, authorizing legislation, lobbying, etc. And the authors are way too naive and respectful of the institution, glossing over how dysfunctional, and fundamentally corrupt Congress now is, since the Supreme Court took a wrecking ball to the whole edifice of limits on campaign finance. The public gives Congress less than a 10% approval rating, and for good reason, though you would never guess that from reading this obsequious book.

Came on time, is in perfect condition. College student is relieved and happy! :)

Great buy and read for school and my profession.

Very happy

I got this book for an fall Political Science class, I only hope that I will like the book as much as I like Political Science.
