# The Sexual Politics Of Meat: A Feminist-Vegetarian Critical Theory (Bloomsbury Revelations)

## **Synopsis**

The Sexual Politics of Meat is Carol Adams' inspiring and controversial exploration of the interplay between contemporary society's ingrained cultural misogyny and its obsession with meat and masculinity. First published in 1990, the book has continued to change the lives of tens of thousands of readers into the second decade of the 21st century. Published in the year of the book's 25th anniversary, the Bloomsbury Revelations edition includes a substantial new afterword, including more than 20 new images and discussions of recent events that prove beyond doubt the continuing relevance of Adams' revolutionary book.

## **Book Information**

Series: Bloomsbury Revelations

Paperback: 336 pages

Publisher: Bloomsbury Academic; Anv edition (October 22, 2015)

Language: English

ISBN-10: 1501312839

## **Customer Reviews**

I read this book in the early nineties. It was an eye-opener for me then as a man, having had my mind socially trained by the sixties and seventies. Now my life-partner is working her way through it. She is a person who already has a great grasp on ethical-political-social-ethnic-psychological issues. Even she comes to me with the book in hand, saying "You've got to see this! Did you know about this?" I am thrilled that the book has had enough of a following to warrant a 20th Anniversary Edition. There may be hope for us after all... Subtitled "A Feminist-Vegetarian Critical Theory", this small book is no small work. Carol J. Adams was/is a pioneer in connecting words with images; Adams links words; like contexts with meanings, power to subordination, and humanity to kindness. This book is surely, but not only, a feminist treatise. It is also about the non-human animals which

we debase with words. (Think, for example, how calling a female human " b\*\*\*\* " is actually a slander to females of two species at once...) Adams addresses the demeaning of women and animals as well as societal correctives. I guess I need to read the book again because I don't recall if she addresses the effect of sexual politics on boys and men. How many PE coaches have told young males "You run like a girl"? How many boys and men have been called a " p\*\*\*\* ", again slandering females from two species at once. I've been challenged with "How do you handle having a woman for a boss?" But because of having been influenced by Carol J. Adams' writing, I do see the damage done to boys and men in these ways. And I see the secondary damage to girls and women, by insinuation, with such words.
