Review And Pretest For NCCAOM And California Exams In Biomedicine

Synopsis

This book is intended to aid students preparing for the National Certification Commission for Acupuncture and Oriental Medicine (NCCAOM) in the Biomedicine module and California Acupuncture Licensing Examination. It is a concise review of Biomedicine and is intended to help students recall material taught during the study at Acupuncture schools. It is not intended to substitute any of the comprehensive textbooks. The material is organized and divided into ten chapters and two appendixes. The book covers Cardiovascular, Pulmonary, Gastrointestinal, Endocrine, Reproductive, Urinary, Nervous/Musculoskeletal system, Hematology, Dermatological conditions, and Psychiatry/Addiction. The knowledge points are summarized by words, clearly and concisely, with appropriate charts or pictures attached. Numerous practice questions reflecting the content and format of the NCCAOM exam in the Biomedicine module are included after each chapter, and six comprehensive examinations are located at the end of the book. These questions can be used as a pretest to identify areas of weakness or as a post test to determine mastery.
