## Customer Reviews

Very helpful studying for the exam...I passed!!!

Book is good.. I thought there would have been a little review in each chapter then the questions but overall it's a good book.. totally different to my cosmology books I got from my past school.. the questions are structured way different.. it's tricky but it's worth getting

Really good book and more than useful for getting ready for State board review!!!ThankYou

This helped my daughter pass her Cosmetology Colorado State Boards Test!! Thank you.

I was SO excited to get these books to start my career. But I was Extremely disappointed that when I opened my package the book was covered with sticky finger prints! Absolutely covered. I think if I pay this much for NEW books they shouldn't be nasty and need scrubbing by the time I get them. Other than that the context of this book is amazing and so informational!

Great Product to accompany the standard textbook and the workbook.

I love the book it came in good condition

It's great ! It's very helpful!
