This third edition of our CSET (California Subject Examinations for Teachers) English Subtests I-IV test prep has been expanded to address these changes. It includes:

- \* A complete overview of the four CSET: English subtests
- \* A comprehensive review of every domain, with updated material
- \* Two full-length practice tests for each subtest (in the book and online), with online diagnostic tools to help you personalize your study

Our book is perfect for teacher education students and career-changing professionals who are looking to teach English in California. The skills required for all four subtests fulfill the objectives set by the California Common Core State Standards for English Language Arts and Literacy and the California Commission on Teacher Credentialing. The book includes 2 full-length practice exams based on actual CSET questions. Both practice tests are also available online with instant scoring, diagnostic feedback, and detailed answer explanations. ## Customer Reviews

I am preparing for the English CSET exam. This test provides samples that are basically identity to the ones you can find on the CSET website. I haven't taken the exam yet but if I pass this will surely be one of the main causes!

I just took my test this weekend, and I passed the first 2 sections! The second 2 are written so it will take longer, but I feel like this book helped me a ton. My only criticism is that there is no grading on the 2nd 2 sections on the online version, and you have to take the entire test before it will give you feedback. I wanted the option to take one section at a time and then see my score. And the online practice tests are the same as the ones in the book, which is a little annoying. But, overall I liked the format and I definitely think it was very helpful and I would recommend it to anyone planning on taking the CSET.

The overall content of this book seems to cover the areas in question. I give it three stars due to the fact that a large portion of the practice test questions are reproduced, many word for word, from the free practice test offered by the official Pearson CSET site. I found this to be unacceptable and casts doubt on the value of the overall content of the book.

A great tool! Especially found the online component very helpful. 2-2 so far on tests! Highly recommend for cset wnglish candidates!

Most likely the best book out there. But you still want to back up with youtube videos and other sources.

Great book! I highly recommend it if you are preparing for English CSET

Cool man

Great resource - I passed all 4 parts the first try using it!
