Customer Reviews

Love the book. Very helpful for my trip. However, if you take this with you it will be confiscated at the airport. It's on the banned book list in China. I left mine at home and my friend brought his and they found it right away in his checked bag. They grilled him and said it was filled with lies. So write down important info and leave the book at home! Also, FYI, social media, Internet and email are not available in Tibet. So, don't plan on searching the Internet.

None of the places on my itinerary in Ambdo and Kham were even mentioned in this book. The general information is good.

Very clean and almost new book!
