Customer Reviews

I am reading this series for the second time and I love them! The first time through though I compared the bible verses to what said in the book to make sure the authors weren't just making stuff up. These books are very incitefull as to what is coming when Jesus raptures his church. Very scary stuff. This series is a must read for everyone Christian and nonchristian alike.

All books authored by Mr. LaHaye and Mr. Jenkins dealing with the "Left Behind" subject have been outstanding. I recommend this and the other books in the series to all readers.

Great research was done on this series! This series is the next best thing to the original Left Behind series. Except easier to understand! Everyone needs to read these books!

This is written for teens but I am not a teen and still really enjoyed it. Pretty fast paced. The authors really get you hooked on the characters and story line.

I like that books 9-12 of "Left Behind: The Kids" are covered in one book. Currently reading this series to my kids, (ages 10 and 8) they want to get them all!

I have always enjoyed the adult series of Left Behind books. The kids books are just as good. The kids interact with the characters from the adult series, experience the same events, etc. However, since the main characters are teens, these books can appeal to younger readers. So far, the stories haven't had the ups and downs that the adult series has had. The adult series has books that are a lot more boring than others. The kids series seems to be good in every book. These are not for really young kids, but would be appropriate for young teens. I enjoy them and I am an adult.

It keeps me interested. I feel like I am there seeing everything. I don't want to stop reading the book. I look forward to reading the next book.

I had trouble finding this book in the series. I am really enjoying the book and will donate the series to the church library.
