Customer Reviews

Really great attention to detail in every fish, very realistic and beautiful images.

Great organic designs that are fun to color in. Each page of this coloring book give a distinct tone and have lots of details.

The designs of the fish are so mystical. Their flowing fins and countless scales make for great calming coloring!

There are some pictures that were very blurred and lines were indistinguishable. The copying is poor quality.

Lots of detail and great designs!

Lovely designs to colour in.

Really cute drawings!
